

The Fellowship of Christian Clowns is a non-denominational, non-political, non-biased Christian clown fellowship dedicated to education, networking, missions opportunities and fellowship among Christ-followers who are committed to using the art of clowning to spread the Good News.

Your membership in FCC brings with it some exciting benefits. Each membership comes with a year's subscription to FCC's quarterly magazine, *The Cross and the Clown*, which contains educational and inspirational articles from some of the best minds in Christian clowning, as well as access to resources for all your clowning supplies and education. As a member, you will receive a membership card which entitles you to registration discounts at regional conferences held throughout the United States, as well as special promotional discounts from vendors from time to time. The cost of an individual membership is just \$40 a year, with an additional \$10 for any family member living at the same address. *(Note: A family membership receives only one copy of the quarterly magazine per home.)*

An FCC membership also allows you to be listed on the organization's website as a resource for those in your area who may be looking for a Christian clown to entertain at their event. For more information on FCC and its benefits, visit the organization's website at: [www.fcclowns.com](http://www.fcclowns.com).
